PROFESSIONAL PROFILE

Financial-services professional with experience in customer communication, cross-team coordination and operational delivery, alongside previous store-management responsibility. Supports corporate pension members in an FCA-regulated environment, communicating complex information clearly and progressing enquiries with specialist teams. Brings an MSc in Sports Management and a BA (Hons) in Economics, with academic grounding in stakeholder engagement, strategic management and evidence-based decision-making. Seeking a Strategic Partnerships Associate, Partnerships Coordinator or Partner Operations role, applying relationship-building, research and service-delivery skills to support partner engagement and shared business objectives.

CORE SKILLS

- Relationship-building and customer engagement: understanding needs, managing expectations and maintaining professional communication.
- Stakeholder communication and cross-team coordination: sharing relevant information and working with specialist teams to progress enquiries.
- Clear written and verbal communication: explaining complex processes in plain English and maintaining concise correspondence.
- Operational coordination: workload prioritisation, team supervision and delivery against service and quality standards.
- Research and analytical thinking: academic experience in policy analysis, quantitative analysis and evidence-based decision-making.
- Commercial awareness: economics background, valuation coursework and practical cash-control responsibility.
- Problem-solving and information review: identifying discrepancies, gathering evidence and escalating non-standard issues.
- Microsoft Excel, Word and Outlook; internal systems including Bancs, LMT and WorkSmart.
